

M7TV, M8TV

M7XV, M8XV

M6, M6X

**TEFC (Totally Enclosed Fan Cooled) Variable Speed IP55 Motors**

Model	Certification	Requirements	Input/Output (W)	RPM	Maximum Viscosity
M7TV	QPS	115V/60Hz	450/250	0-6,000	500 cP
M8TV	CE	230V/50-60Hz	450/250	0-6,000	500 cP

**Explosion Proof Motors**

Model	Certification	Requirements	Input/Output (W)	RPM	Maximum Viscosity
M7XV*	QPS	115V/60Hz	450/250	0-6,000	500 cP
M8XV*	CE	230V/50-60Hz	450/250	0-6,000	500 cP

\*Variable speed

**Air Motors\*\***

Model	Certification	Requirements	Input/Output (W)	RPM	Maximum Viscosity
M6†	CE	80-100psi@15-32cfm	400	300-9,000	1500 cP
M6X†	CE	80-100psi@15-32cfm	600	300-6,000	2000 cP

\*\*An air motor is a non-electrical device meaning possibility of explosion from igniting flammables is reduced.

†Suitable for hazardous areas that do not require independent verification.
